

Supporting Your Child's Learning

The Role of Parents and Caring Adults

- Coach, connector – provide opportunities and see what they do
- Being resourceful in a way you present those opportunities
- We model what we want to see
- Be their safe zone – SAFE HAVEN – encourage children to go to the edge of their boundaries, what they may find is more than they can handle, they need a safe place to come back to and feel safe

How Does Learning Happen?

Ontario's Pedagogy for the Early Years

Learning and development happens in the context of relationships among children, families, educators and their environments.
